

CAMP INTEGRATIONS

Building Skills for Fun and Friends

Summer 2008

Davie, FL

For Children 4-15 Years Old

Monday, July 14th, 2008

Friday, July 18th, 2008

8:45am
to
4:00 pm

Providing an enriched therapeutic setting to enable children with special needs to have a fun camp experience, while preventing regression of skills during the school break and promoting the emergence of higher level functional skills.

"Striving to advance research and training in sensory integration and complimentary therapies in an intensive treatment model."

The premiere day camp in South Florida offering multiple therapeutic services:

- Hippotherapy (therapeutic horseback riding)
- Therapeutic Yoga
- Pilates
- Sensory Integration
- Gross Motor Skills
- Fine Motor Skills
- Oral-Motor Skills
- Aqua Therapy
- Neuronet
- Social Skills Development
- Language development & Pragmatics
- Reflex Integration
- Music Therapy
- Brain Gym

Our camp leaders hold advance degrees and certifications in the fields of Physical and Occupational Therapy, Exercise Physiology and Education, with a combined experienced of over 30 years working with a diversified pediatrics population. They incorporate a variety of treatment strategies that include Sensory Integration, Music Therapy, and Therapeutic Yoga, among many other developmental treatment approaches.
